

SELDEN. VMIX.

A comprehensive range of super concentrate chemicals.

If you're looking for cost saving on your chemicals, Selden's Vmix handy-size controlled-dose concentrates might be a really good option. It's all the cleaning power you need in one neat little package.

WHAT & HOW?

Available for a range of common cleaning applications, the 1 litre bottles dispense an accurate 25ml dose into a built-in chamber that is then decanted into the specifically designed trigger spray bottles and topped up with water.

UP TO

70%

Cost-in-use saving vs. averages standard concentrate.

**AS LOW AS 10p PER 1 LITRE
TRIGGER SPRAY!**

1 litre bottle of Vmix
make 100 trigger sprays!

PERFECT PACKAGE

All the cleaning power you need in one neat little package. Selden's new V-mix concentrate range provides consistent, waste-free, accurate dosage in handy-size 1-litre bottles which are easy to store and easy to pour.

A single V-mix bottle can achieve up to 70 per cent cost-in-use savings compared to standard 5-litre product yet weighs less, is easier to handle and more environmentally-friendly to transport and it goes much, much further in terms of bucket or trigger cleaning cost efficiency. Available for a range of common cleaning applications.

SMALL SIZE. BIG VALUE.

50 X  = 

100 X  = 

47%

AVERAGE SAVING

V-mix saves every step of the way with average savings across space, weight, dosing errors, product-in-use and packaging categories totalling a mighty 47.4 percent.
